Awards Awards Awards

Ever since our conception in 1916 Dewig Meats has been providing quality meats and services. These attributes have led us to be successful in both the market place and in being recognized through awards. These awards range from prizes on the state, national and even international level. We compete yearly in three cured meat and sausage competitions, the Indiana Meat Packers and Processors Association, Wurstfest in Hermann, Missouri and the American Association of Meat Processors. We also compete in the International Competition, IFFA, but it was not held this year. It is held every three years. So, when we say Dewig Meats has some of the best cured meat products in the WORLD, we now have the awards to prove it!
